Gizella Tokaj, Sweet Szamorodni 2019, Hungary

This ripe and beautifully sweet wine is made from high quality Botrytis grapes. This means it's made from late harvested grapes which have Botrytis (also known as "noble rot") growing on the grape. This concentrates the sugars and flavors which is where this unique style of wine gets its natural sweetness from.

Tawny Port, **Quinta de Val da Figueira**, 10 Anos - Porto, Portugal

Rich amber colour. Medium intensity aromas of dried fruits, caramelised orange peel and slightly balsamic. In the mouth, it has medium to full body, crisp acidity with hints of dried apricots and figs. Long end of the mouth and spicy in character.

Extra Dry White Port, **Quinta de Val da Figueira** - Porto, Portugal

Bright golden yellow colour. Medium intensity aromas with notes of white flowers and hints of ripe quince and white raisins. In the mouth is full medium sweet, with a refreshing acidity and notes of almonds.
